

## What is CiCiLYNK

CiCiLYNK is a rechargeable long distance service that can be used from your cellular, home or office with NO PIN number required and only ONE account!

## How it works

The major added convenience with this service is its ability to recognize you as the account owner from a particular registered phone number (which you manually input into the system), meaning no PIN entry is required. Numerous phone numbers can be registered, and once you have done so, whenever you dial the designated access number from these phone numbers, you simply dial the destination number immediately after; (and avoid punching in a long PIN).

## Benefits

CiCiLYNK can be used from over 75 countries worldwide by dialing an international access number, entering your PIN & destination number!

## Features

CiCiLYNK allows you to activate up to 8 telephone numbers within only one account & offers only ONE PIN number when using your service from somewhere other than your activated line(s). Find our recharge cards at a participating retailer near you!

### Group of Gold Line

The Group of Gold Line (GL) is a Canadian company specializing in the research, development, marketing and worldwide distribution of telecommunication solutions and technology products. Its portfolio ranges from telephony, web to print, digital printing, WebTV and educational technologies.

Founded in 1991, GL has evolved to become the largest provider of prepaid long distance products and services in North America, with over 300 million minutes of long distance calling per month. Its products are distributed in over 50 countries, with approximately 100,000 points of sale around the world.

GL's mission is to connect people around the world to what matters and bring them closer to their family, business, culture and languages through innovative, unique and competitive technology-based products and services.
