What is CiCi Mobile App

CiCi Mobile App is an innovative long distance calling app developed for smartphones by the product experts at the Group of Gold Line. By combining Gold Line's great prepaid long distance rates with an easy to use application that connects to an existing address book, CiCi Mobile App makes calling long distance more convenient and cost effective than ever before.

Android™ | Apple® | Blackberry®

Long distance meets mobility

CiCi Mobile App streamlines the dialing process; customers no longer have to enter access numbers, PINs or destination numbers. CiCi Mobile App automatically dials access numbers and PINs and allows the user to connect to their existing address book. It's the perfect solution for customers on the go.

"Call-Back" feature

The two primary benefits of the "Call-Back" feature are:

- A. Allowing CiCi Mobile App to convert outgoing calls to incoming calls. It's an innovative way to get the most out of cell phone plans with unlimited incoming calls.
- B. Allows travelling customers to select a local landline number as their "Call-Back" number in order to avoid paying high domestic and international roaming charges.
