## What is GLMobility

GLMobility is a prepaid travel SIM card for mobile phones. We offer flexible terms and competitive rates in over 130 countries worldwide. GLMobility operates far differently from other phone service providers because it eliminates expensive roaming charges and includes an implemented service for individuals requiring convenient and affordable international mobile phone usage.

## Benefits

GLMobility is cost effective. Using our service allows you to avoid high roaming charges that are typical of most other mobile service providers.

GLMobility is convenient. It gives you the ability to easily manage your account online, as well as transport the SIM card to most mobile phones (all unlocked GSM phones that accept SIM cards). For ultimate convenience, you can initiate an automatic recharge allowing you to have an available balance at all times. Given the fact that GL Mobility does not operate on a single mobile network, it is able to provide you with the highest call quality.
